1000+ VM Enterprise Environment | AWS Certified CloudOps Engineer | RHCSA Certified | Ansible & OpenShift Automation

PROFESSIONAL SUMMARY

AWS Certified CloudOps Engineer with production experience operating a 1000+ VM enterprise Linux (RHEL) and OpenShift environment. Applies infrastructure-as-code discipline, continuous vulnerability management, and incident-response practice daily — the same operational muscle CloudOps roles need — and is now extending that foundation into AWS-native operations.

AREAS OF EXPERTISE

Cloud Operations: AWS CloudOps • Hybrid Infrastructure • OpenShift • Cloud Migration Support

Automation & IaC Practices: Ansible • Bash Scripting • Configuration Management • Patch Automation

Monitoring & Security: Qualys VMDR / Cloud Agent • Vulnerability Remediation • Compliance Readiness

LICENSES & CERTIFICATIONS

AWS Certified CloudOps Engineer – Associate, Amazon Web Services

Issued Aug 2026 · Valid to Aug 2029

Validation Number: c09a75e3f6b04669b8487adea880258b | Verify: aws.amazon.com/verification

Red Hat Certified System Administrator (RHCSA) – 260-086-442, Red Hat

Issued Jul 2026

PROFESSIONAL EXPERIENCE

Infrastructure Engineer, Tata Consultancy Services (TCS) Aug 2024 – Present

Mumbai

- Operate a 1000+ VM hybrid RHEL/OpenShift environment, applying the same automation and incident-response discipline CloudOps roles require in a production setting.
- Build Ansible playbooks for passwordless SSH configuration, quarterly patch cycles, and vulnerability remediation across the fleet — automation practice directly transferable to AWS resource management.
- Manage patch and configuration lifecycles across the fleet, cutting manual touchpoints and improving consistency, a core CloudOps responsibility.
- Run continuous security monitoring with Qualys VMDR/Cloud Agent across 1000+ endpoints — a workflow that mirrors AWS-native continuous compliance tooling.
- Support OpenShift container platform operations, troubleshooting workloads and coordinating migrations, work that parallels container orchestration in AWS ECS/EKS.
- Maintain secure software repositories and infrastructure governance standards, foundational practices for cloud access control and governance.

Data Entry Intern, Datamatics Apr 2024 – Jul 2024

Mumbai — Data entry support for Bosch and Siemens client projects.

EDUCATION

Ramniranjan Jhunjunwala College, Mumbai — BSc-IT Aug 2021 – Apr 2024

PVGS Vidya Bhawan, Mumbai — PCMB Science Apr 2020 – Apr 2021

INTERNSHIP

Data Assistant, Indian Cancer Society (NGO) May 2022 – Jul 2022
